Property Description

Welcome to the highest potential built property in Playa Avellanas! Looking for a one-of-a-kind opportunity in Playa Avellanas? Look no further, this is the one! This unique property is situated on a spectacular 3500m2 lot that is mixed-use and still offers plenty of space to build. The gorgeous land features a variety of mature fruit trees (mango, lime, plantain) as well as native trees such as Guanacaste. But the best part is the location: 10 min walk to Playa Avellanas! It's the best neighborhood in Avellanas, tucked in a dead-end street parallel to the main road, walking distance to the beach, restaurants, stores... Casa Kaiki features two buildings, each one has its own kitchen, and a total of five spacious bedrooms and five ensuite bathrooms. Built by a local architect in the early 2000s, this property is a true local treasure with its own well and a large concrete water reserve as a back-up.
