Property Description

Comfortable and Spacious this secure penthouse condo features 3 bedrooms, each with ensuite, and a large open living area. The kitchen with its central island is big enough for the entire family, and flows seamlessly into the high-ceilinged living room which in turn has full-width patio doors. In other words, it is built for the type of indoor/outdoor lifestyle that appeals to so many. The patio runs the full length of the unit, with a second set off patio doors off of the master suite, and its location means you have not only an amazing view, but also nice breeze which flows from the Pacific Ocean 1 km away. If that isn't enough, the unit also has a secondary rooftop patio with stunning views of both jungle and pool. The development is gated, and secure, with pleasantly landscaped grounds, pools, kids pools, and jacuzzies for you to enjoy.
